

Gustavo De la Torre Garcia

4265 S Glacier Trail

gus.delatorre98@gmail.com

(832) 982-3564

Ontario, CA 91762

Education

California State University, Long Beach

Long Beach, CA

Bachelor of Science: Chemical Engineering.

Dec 2026

Relevant Coursework: Thermodynamics, Reactor Kinetics, Separation Processes, Fluid Mechanics, Heat and Mass Transfer, Process Control and Engineering Design Seminar.

Project: Solar Powered Anaerobic Digestion Trash Bin Business Plan

Mt. San Antonio College

Walnut, CA

A.S. in Mathematics. Honors Program. President of Phi Theta Kappa, Honor's Society.

May 2023

Engineering Research Experience

CSU Long Beach Chemical Engineering Laboratory

Long Beach, CA

AIChE CSULB Chapter, ChemE Car Project Manager and Engineer

Aug 2024 – May 2025

- Optimize the designs for the Aluminum-Air and the Thermoelectric batteries to increase efficiency and power output.
- Optimize the Chemical Chameleon Reaction for the stopping mechanism to have a R^2 value of 0.98.
- Design and manufacture the parts and design of the car.
- Follow up with advisors and other departments to get supplies and the necessary equipment.
- Won both the poster and car competition for AIChE's Chem-E Car Western Regional Competition

Chemical Engineering Senior Design Project

Long Beach, CA

Project: Tequila Distillery

Jan – May 2025

- Enhanced understanding of the tequila distillation process by simulating multiple distillation columns and analyzing key operational parameters.
- Researched the costs of production and manufacturing for every step of the production process.

Work Experience

Target

Brea, CA

Guest Advocate Team Member, Pacesetter

Sep 2020 – June 2026

- Assumed leadership role as a pacesetter, consistently exceeding performance expectations and maintaining operational efficiency during leadership absences.
- Trained in different areas of the store to support most of the departments at the store and gain knowledge of the business.

Leadership and Activities

AIChE CSULB Chapter, Project Manager

Aug 2024 – May 2025

- Led team formation for ChemE Car and ChemE Cube projects, conducting interviews to ensure optimal team composition.
- Spearheaded safety protocol implementation by coordinating with university, departmental, and AIChE safety officers, guaranteeing regulatory compliance and safe chemical handling throughout project lifecycles.

Phi Theta Kappa Alpha Omega Alpha Chapter, President

Aug 2019 – May 2020

- Planning meetings and events, as well as collaborating with the team and other organizations.
- Attending council meetings to manage budgets, dates and partnerships, and contributing with project papers.

Projects and Skills

Projects: ChemE Car propulsion and stopping mechanisms and programming code.

Laboratory: Fluid friction, CSTR kinetics, AC and Carnot cycle, Distillation column, Battery production.

Technology: Advanced: Microsoft Office Suite, AVEVA PRO/II, Autodesk Inventor.

Intermediate: MATLAB, SolidWorks, Autodesk Fusion360, COMSOL, Python, C++.

Languages: Spanish (fluent).
